Child Health Care Day, October 4, 2021

**Child Health Day** in the United States raises people's awareness of how they can protect and develop children's health. This event is annually celebrated on the first Monday of October.

Is Child Health Day a Public Holiday?  
Child Health Day is not a public holiday. Businesses have normal opening hours.

Child Health Day aims to help people learn more about how they can protect and develop their children's health.

### What Do People Do?

As part of the annual presidential proclamation for the day, all agencies and organizations interested in child welfare are invited to unite on Child Health Day to observe exercises to stimulate or increase people's awareness of the need for a year-round program to protect and develop children's health in the United States.

Health professionals and health organizations across the United States take part in this day through various activities and events. For example, the Health Resources and Services Administration (HRSA) takes on an active role in providing educational resources for parents, children and schools about issues such as healthy choices, fitness, and child obesity prevention. The HRSA also calls for every surgeon general across the nation to make a pledge towards providing a healthy future for children.

The Maternal and Child Health Library also actively participates in Child Health Day through activities that focus on healthy eating and physical activity for children and their parents or parental figures. The library provides information on nutrition for children and adolescents, the importance of physical activity, and nutrition for pregnant women.

### Public Life

Although Child Health Day is a national observance in the United States, it is not a public holiday.

### Background

Calvin Coolidge was the first president to issue a proclamation for Child Health Day in 1928 and it was annually observed on May 1 until it was observed on the first Monday of October from 1960 onwards. The concept of this event was supported by organizations such as the American Child Health Association, the American Federation of Labor and the General Federation of Women's Clubs in the early 20th century.

According to the HRSA, about one in six children between 2 and 19 in the United States is overweight. This is a risk factor for serious health consequences including asthma, diabetes and heart disease. Child Health Day helps spark or increase people's awareness of ways to minimize or alleviate health problems that children may face. The day focuses on a range of child health issues such as prenatal care, adolescent health, the impact of daycare on a child's development, preventing injuries, healthy eating and lifestyle choices, and immunization.

### Symbols

Images of health and active children are used in promotional materials such as posters, stickers and information kits for Child Health Day.

Disclaimer: There may be other websites informing that Child Health Day in the United States was called to be designated for the first Monday of October since the late 1928. However, newspaper archives and other historical information show that the date was in fact observed on May 1 until 1960. Regardless, readers use this site at their own risk and the site takes no responsibility for possible errors in this article.

### *Cruise to Cape Fair – September 11, 2021*

Geez!

Great day for a cruise to [Flat Creek Restaurant in Cape Fair,](#)

What a great day for a road trip with friends and car club members. (40+). We noticed that the landscape and forest to Flat Creek was mostly a vivid green. That possibly meant that the area had a sufficient accumulation of rain this summer. I looked at a satellite map for the James River in that part of the state. I think that the definition of a winding river was started here.

We organized for the road trip at Marco's Pizza in Nixa, MO.

The Nixa area was first settled by farmers who located their farms along the wooded streams near present-day Nixa. The area became a crossroads, as it was a half-day ride with a team of horses from Springfield. Teamsters found it a convenient stopover site when hauling freight between Springfield and Arkansas. The village became known as Faughts. An early resident, Nicholas A. Inman, was a blacksmith from Tennessee, who set up a shop in 1852.

When a post office was opened, a town meeting was held to decide on a name for the new community. Because of his years of service to the community, the town was suggested to be named for him. Another suggestion was "nix" because the community was "nothing but a crossroads". The name

Nixa was finally decided upon, and Inman's middle initial "a" was added to get the unique name of Nixa. The village incorporated on June 10, 1902.

### [And then on to Cape Fair, MO.](#)

Cape Fair is an unincorporated community in Stone County, Missouri, United States. It is located on Route 76 and the southern terminus of Route 173. Cape Fair is on the west side of the James River arm of Table Rock Lake. The community is part of the Branson, Missouri Micropolitan Statistical Area.

A post office called Cape Fair has been in operation since 1851. The community most likely was named for the river cape or sharp stream that meander south of the original town site.

### [Hurley, MO](#)

A post office called Hurley has been in operation since 1898. The name "Hurley" was assigned by postal officials.

### [Crane, MO](#)

Crane was platted in 1895, taking its name from nearby Crane Creek. A post office called Crane has been in operation since 1887

### [Galena, MO](#)

Galena was platted in 1852, and named for deposits of the ore galena near the original town site. An early variant name was "Jamestown". A post office has been in operation at Galena since 1853. The last public execution in the United

States took place in Galena in 1937.

Galena, also called lead glance, is the natural mineral form of lead sulfide (PbS). It is the most important ore of lead and an important source of silver.

Galena is one of the most abundant and widely distributed sulfide minerals. It crystallizes in the cubic crystal system often showing octahedral forms. It is often associated with the minerals: sphalerite, calcite and fluorite.

### **Pete & Jakes Hot Rod Parts Open House - September 11, 2021**

#### **News from Santa Jake and Pete & Jakes Website**

Had a great time Saturday at the Pete and Jakes speed shop 47<sup>th</sup> annual open house and JDF fund raiser for kids. One of the largest turnouts they've ever had in Peculiar MO. Met a lot of old friends and as always may several new ones. It's a great time for a great cause!!!

JDRF is a nonprofit 501(c)(3) organization that funds type 1 diabetes (T1D) research, provides a broad array of community and activist services to the T1D population and actively advocates for regulation favorable to medical research and approval of new and improved treatment modalities. It was initially founded as the JDF, the Juvenile Diabetes Foundation. It later changed its name to the Juvenile Diabetes Research Foundation and is now known as JDRF.

Our front ends and rear end assemblies are now a standard in the traditional hot rod chassis. Becoming a cornerstone of the industry took an unwavering commitment to rods and to rodders — guys just like you. It also took talent, enthusiasm, innovation and dedication.

So, when the time came to pass the torch, you can imagine that Pete & Jake wanted to ensure their legacy of American quality, commitment and do-it-right service lived on. They did so with the selection of Jerry and Peggy Slover as the new owners of Pete & Jakes way back in 1986

Today, we think you'll agree that Jerry, his son Jason, his wife Tina and the Pete & Jake's family of hot rod specialists and enthusiasts have built on what Pete & Jake began nearly 45 years ago... employing American professionals to hand-create the very best hot rod parts on the market. All of it made right here in the USA.

### *Lockwood September Days - September 18, 2021*

Lockwood was platted in 1881. The community was named after J. E. Lockwood, a railroad official. A post office has been in operation at Lockwood since 1881.

### *Creekside at Elfindale Assisted Living Cruise-In – September 16, 2021*

The Creekside at Elfindale Assisted Living Cruise-In started at the NW parking lot of Bass-Pro. The classic cars assembled for the 1.3-mile cruise and 5-minute ride to Creekside at Elfindale Assisted Living Retirement Community.

Those residents who viewed the cars appeared to be appreciative.

Information from Elfindale website:

Creekside at Elfindale Assisted Living is for those who seek full, active, and engaging lifestyles with help available for day-to-day activities or personal care. Opening May, 2021.

Designed to reflect the historical charm of the Elfindale campus, community members will enjoy spacious and modern private apartments as well as the perks of community living. Benefits include opportunities to remain active, dine well and participate in engaging activities.

The building features a chapel, large dining area, wellness room, salon/barber shop, ice cream parlor, private bathing spas, and a beautiful interior courtyard. Just as important, there is access to caring and well-trained team members available 24/7, providing peace of mind to residents and their loved ones.

And then we traveled to Red's Giant Hamburg for lunch.

Red's Giant Hamburg is a restaurant on U.S. Route 66 in Springfield, Missouri, which is believed to have been the world's first drive-through restaurant.

It reopened in 2019.

Sheldon "Red" Chaney (May 20, 1916 – June 2, 1997) arrived in Springfield after World War II with a bride and a business degree. He purchased a small Sinclair gas station with several wooden motor court cabins tucked among trees on the back of the property. Eventually, a café was added in 1947. Growing weary of pumping gas and operating the motor court, the couple decided a better money-maker would be a restaurant. Since they owned a small herd of beef cattle (and would continue to raise their own beef until the close of the business), they decided to concentrate on hamburgers. The restaurant became a staple of Route 66 and the Springfield area until its closure in 1984. Red died in 1997 a few days after the restaurant was demolished, and Julia died in the early 2000s.

Sign recreation

In 2013, a fundraising campaign was established to recreate the Red's Giant Hamburg sign. The sign was installed in 2015.

Reopening

In early 2019, the Springfield Business Journal announced that Red's Giant Hamburg would be making a comeback 35 years after the original restaurant's closure. The new restaurant, located on Route 413, will be a recreation of the original Route 66 location. The project is being led by David Campbell, the owner of local BBQ chain Buckingham's, and insurance agent Greg Lott. The restaurant opened in August 2019.

#### MEET YOUR FELLOW MEMBERS

Our member of the month this month is actually a couple of the nicest people I know. I'm speaking of our club president and his wife, our treasurer, Avery and Karen Bradley.

Avery and Karen joined our club shortly after the National Convention was held in Memphis about two and a half years ago.

Avery works for Empire Electric Co. and Karen helps things tick at the Commerce Bank of Willard.

It is unusual to hear of a couple whose hobbies are exactly the same, but this is one of those cases, because Avery and Karen both enjoy cars very much, as well as trap shooting and bowling.

Speaking of cars, Avery probably has more than your average used car lot, and most all of them are Classic Chevys. Of course most of them are just parts cars, but even so, Avery and Karen do have one of the nicest '56 Chevys around, and a '57 Nomad that's in the working stages that probably "won't be no slouch either".

The '56, which was bought a little before the Memphis Convention from another club member, Kerry Wrinkle, is a BelAir 2-door hardtop that has been restored to original condition. Even though Kerry owned the car he never titled it so Avery is actually the second owner on the title.

Kerry originally did the bodywork and two-tone blue

paint job on the car which turned out beautiful. But sometimes even beautiful things fail to escape mother nature's wrath as was the case when Avery and Karen attended the CCCI Convention this year in Cherry Hill.

As most of you know, the car was gravel blasted, compliments of a New Jersey windstorm and the gravel from the top of the Cherry Hill Hyatt Hotel. This, of course, meant a whole new paint job, which was performed by Dave McHenry of Buffalo, Mo., and now the car looks as good as new.

Options on the '56 include factory air conditioning, continental kit, wire hubcaps, wonderbar radio, and a power-pac 265 engine among other things.

Avery has had an interest in Classic Chevys for about five years now and this interest is what has led to his many parts cars. One car in particular, a '57 Sedan Delivery, was obtained from as far away as Alabama on a trip with Gene Wright.

One of the things Avery is pleased about is the fact that he has been able to furnish cars to four or five of our club members when they were looking for a classic to buy.

One of the things our club is pleased about is that Avery is our club president and Karen is our club treasurer, and that's a hard combination to beat.

### NIXA CHRISTMAS PARADE

So far this fall we have been extremely lucky in that we have had some fantastic weather for a lot of the activities we have participated in. Saturday, December 13th was no exception. The early morning was cool, crisp and clear, and the temperature kept rising as the time crept along toward time for the Nixa, Mo., Christmas Parade.

Ten of your fellow members, including Bobby Goss, Avery Bradley, Larry Clark, Greg Sweet, Dave Marek, Bud Janes, Larry Robertson, Gene Wright, Derald and Myrtle St. John, and Wendell Royster, travelled to Nixa to represent the club in the parade. It was also the first time we had the opportunity to display our new club banners and they really looked great.

Nixa is a small town and the parade route is short which is nice for those of us who have to use a clutch, but the number and enthusiasm of the spectators is as great as any parade around. Many nice comments were heard both during and after the parade, but I don't think many of the younger spectators noticed Wendell Royster's '55 Cameo, not with the Jolly Fat Man himself riding in the back of it.

#### CLUB CHRISTMAS BANQUET

Lots and lots of good food, quite a bit of good comradery, much good Christmas Cheer, and a couple of nice good deeds all add up to a very successful 1980 Christmas Banquet for the Springfield Classic Chevy Club.

Nearly 50 of your fellow club members gathered to help dispose of two large tables overflowing with food. The club bought several large hams which were cooked by some of the ladies in the club, and each member who came to the dinner brought two dishes each, which made for a great selection of food, and all of it was delicious.

The best part of the festivities was all the donations of food, canned goods, money, and clothes which are to be given to a needy family. This year it is a young pregnant lady whose husband deserted her and her other small child. We hope we might make this Christmas just a little better for her and her family.

#### CHRISTMAS GREETINGS FROM FLORIDA

Mike Compton, Local Chapter Director for the CCCI in Orlando, Florida, and friend of many of our local club members who have had the opportunity to get to know him through several regional conventions, including the one we hosted last year, sent Christmas greetings to all of us recently in a letter to our club.

Here is a short portion of the letter. "Holiday Greetings. Hope that these winter months find your families well and your classics tucked away in the garage.

## Classic Chevy Car Club Newsletter Archive – December, 1980

Seems that the winter months tend to be those of rebuilding, repainting, or maybe just a little more cleaning and detailing. I am hoping to get home myself over the holidays to work on one or two of my own. (Maybe you'll see one in Dearborn 81.)"

He went on to explain some of the things he wants to accomplish in the coming year, and gave a rundown on the dates for the Mini-Nats which are: June 1 to 4, New Orleans, Louisiana; June 29 to July 2, Albuquerque, New Mexico; August 3 to 6, International Convention in Dearborn, Michigan; and August 17 to 20, the Kansas Mini-Nationals.

BEEF BURGUNDY RECIPE

Here is a delicious sounding main dish recipe from Jeannie Huyett:

2-3 pounds of lean stew meat

1 can Cross & Blackwell French Onion soup

1 can Cream of Mushroom soup

No salt or pepper

Brown beef in butter, drain off butter, place beef and both soups in crock pot. Cook mixture at low setting for 10 to 12 hours, or on high setting for 6 to 8 hours. (Or you can bake it in the oven for 2 to 2½ hours.) Add 1 cup of burgundy during the last hour or two. Add 1 can of mushrooms (optional). Serve over rice or noodles.

SHADE TREE VIEWS (FROM ASH GROVE)

I would just like to wish all of you a very Merry Christmas and a Happy New Year for 1981. I hope it will be another great year for our club and everyone that is in it.

I also hope to see most of you at our New Years Eve party at Jack Rinker's shop because I think it is going to be lots of fun and I'm really looking forward to it.

Avery
